Foster Parenting an Adolescent

A specialized curriculum for foster parent education, is designed for agency use in meeting the ever-growing challenge of recruiting, training and supporting foster parents of adolescents. Under contract with the HEW Children's Bureau, the curriculum has been developed and field tested nationally by the Child Welfare League of America.

In a series of seven 2-hour sessions, foster parents discuss the kinds of situations apt to occur and the special aspects of parenting a foster adolescent. Course participants will gain a keener understanding of themselves, increase their sensitivity of adolescents and develop ways of responding to teen-age foster children.

The course is based on adult learning principles and builds upon an understanding of the foster care system as presented in the basic course *Introduction To Foster Parenting*. Both curricula are solely distributed by the Child Welfare League.

The complete curriculum package contains:

- 1 comprehensive Leader's Guide
- 20 easy-to-read Activity Workbooks
- 20 Books of selected Readings
- 2 16mm Color Films (cinema verite technique)
- 3 Audio Cassette Tapes

The cost of the package is $495.

Please write for brochures, preview information, and price lists of individual curriculum components to:
